

**WELLFIX** EST.1997

**GLASS & ALUMINIUM**

## OUR HISTORY

Established in 1997 by Steven Wellfare as a “one man band” windows and doors installation business, through sheer determination, hard work and passion, Wellfix Glass & Aluminium has steadily grown into an Award Winning Industry leader across NSW and Australia.

Wellfix today is supplying and installing windows and doors to Residential, Strata and Commercial properties, along with all forms of frameless glass including skylights, curved glass, architectural designs, balustrading, pool fencing and shower screens.

Steven’s passion for his business, and delivering the best possible service and standards are stronger today than ever, ensuring that working with Wellfix represents professionalism, quality and precision on every job.

## Total Project Management

With extensive experience we have become specialists in dealing with Strata projects.

We guarantee Total Project Management from start to finish, ensuring that your job is completed with **minimal interruption to tenants** and efficient lead times.

We will:

- Liaise with Strata & Body Corporates
- Attend Body Corporate meetings when required
- Dedicate an On-Site Project Manager to oversee the entire job from Start to Finish
- Provide detailed scheduling & communication with Tenants
- Minimise interruption & work with minimal fuss
- Maintain a clean & tidy site
- All products and workmanship come with Warranty

# STRATA

## Window & Door Replacement

---

We manage the entire process of removal of the old windows and doors alongside the seamless installation of the new windows and doors. All windows come fitted with flyscreens and Child Safety locks and comply with all new safety standards.

Wellfix can supply and install:

- Sliding Windows
- Awning windows
- Double hung windows
- Louvre windows
- Balcony doors
- Stacking sliding doors
- Sliding doors
- Hinged doors
- Bi fold doors
- Security Entry Doors
- Foyer Doors
- Internal Glass partitioning
- Keyless & Pad Entry Security Ways

The transformation is immediate:

- ✓ Revitalise your old block
- ✓ Add value to your property
- ✓ Increase natural light
- ✓ Update Security
- ✓ Zero maintenance
- ✓ Energy saving options

# Colours

All windows and doors can be done in a range of Dulux powder coating and Universal Anodising colours and finishes to suit your requirements.

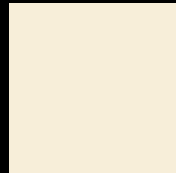

Dulux colours range from X10-X25 durability and warranties. Sample Dulux colours are:

DULUX 2721114G  
gloss\_duralloy  
pearl-white

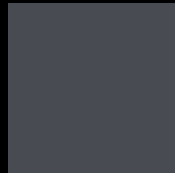

DULUX 2721137S  
satin\_duralloy  
surfmist

DULUX 27237131  
gloss\_duralloy  
white-birch

DULUX 2721114G  
gloss\_duralloy  
pearl-white

DULUX 27232786  
satin\_duralloy  
apo-grey

DULUX 27219268  
satin\_duralloy  
black-c-b-night-sky

Anodising is highly recommended for coastal areas, with a thickness of 25UM, providing durability that could potentially last a lifetime.

# Hardware

We only use the best quality hardware for all windows and doors, ensuring high durability and strength. We have access to a variety of trusted suppliers so that our hardware can support all forms of design elements.

# EnduroShield Application

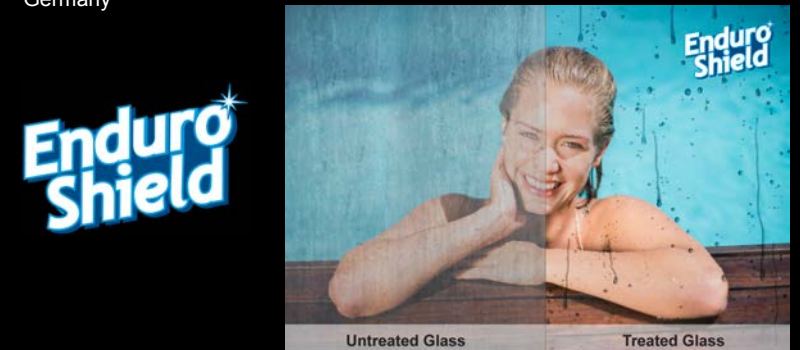

To complete your project, we can apply EnduroShield to your glass, which is an invisible, non-stick coating that reduces cleaning time by up to 90%.

Application is a simple process of spraying the liquid coating onto a clean surface to provide a permanent\* protective bond.

With EnduroShield, the use of harsh chemicals is eliminated. Due to the reduction in cleaning, you use less water, so the benefit to the environment is cumulative and ongoing. With EnduroShield it's easy being green.

10 year warranty provided on new glass, 5 year warranty provided on existing glass.

\* Based on 10 years of simulated normal use and certified by TÜV Rheinland, Germany
